This is it ! It's been 2 years since we started working on TETRA… So many days & nights to bring this to your ears. Hope you'll enjoy it as much as we enjoyed making it. This is such a great adventure, probably one of the biggest in my life. That's why I would like to thank all of the people who supported me : first of all, my whole family, much <3 to y'all, my best friends and inspirations, my crew : Atom, Greem & 20Syl. I owe you a lot downtheroad4lifebrovaz ! One love to the OnAndOn crew for pushing, supporting and leading us since the beginning. Huge thanks to all musicians, singers, rappers, DJ's, technicians, designers, and friends who followed us on this project… Such a great team, I've learned a lot by your side. Finally, massive shout outs to all my homies in Nantes, Paris and all over the world, let's keep riding, fellas ! **-Pfel**

This journey has been a long and exciting one. Thanks to all of those who supported me during this trip. First, my <3 family, who lives on despite my absence, and the fact that sometimes, I put music before everything else : Marie, Mom & Dad, Baheth, Louis, Grégoire, Marie, J.Phillipe, Micky&Jacky, Julie&Olivier, Gabin, Pacôme, Léopold. A big thanks to my friends and all of those who inspire me, all musicians and artists I've met on the road : Guillaume, Thomas, Pfel, Ant1, Matt, Hervé, Dadoo&Lise, Yann Bigay, Elo&Parapoux, Damien, 6sou, Pedro, Christophe, Denis, Thom 4, Christophe Panzani, Vincent Payen, Rémi Paoli, Karim Lyazid, David Couliau, Kevin Couliau, Mr. J.Medeiros, Stro the 89th Key. A special thought for my love, who has put up with us everyday for the past two years of creation, gaming and stupid men jokes. As I'm writing these words, Atom is mixing the last track, Thibault, Yann & Lucile may be tying up loose ends (no one does it better), and I realize that this thing doesn't belong to us anymore... It's yours. **-20Syl**

I can see us teenagers, locked in our rooms, scratching all day, and I never could imagine that turntables could make us live such an adventure ! With this album, the adventure goes on, and the surprises aren't over yet ! First, I would like to thank my parents, who have always encouraged me to follow my heart, and my entire family from France and Argentina, un abrazo ! Because C2C is primarily a story of friendship, I really want to show my love to my little «crosseux» Thomas, Sylvain and Pfel, and of course Yann and Lucile, the road is always full of surprises ! Hidden members of the group, without whom this would not be the same : Supamawee, BB Yann, Rémi Paoli and Tib, all the technical crew and Furax Team ! A thought for those who supported us from the beginning, all friends here and elsewhere, all of the Hocus Pocus Team, and the various bands and musicians from Nantes ! DJs and artists who have influenced us, and of course YOU, who listen to this album ! See you soon at one of our shows !

-Greem

To my 3 crew members. Pfel, from gaming to skateboarding, b-balling, laughing, scratching, and more since we're 10 y/o... brotherfromanothermother. Greem, this is it, this F!!@#$ing album is done, we made it !! (I know how much you've wanted it). Now we have to make this 1996 mixtape ! I still have the intro :). 20Syl, thank you for pushing me to always go further, do better. I'm so glad & lucky I met you all ! To my family and friends : sorry for being in studio/on stage 350 days a year, I still love you, though ! **-Atom**
